ABOUT ME

a BSc IT student at Rajarata University of Sri Lanka with a passion for software engineering and web development. Known for their dedication to excellence, Imadh Ahmed thrives on problem-solving and creating user-friendly interfaces. They actively seek opportunities to apply their skills in real-world scenarios and are poised to make a significant impact in the field of technology.

VOLUNTEER EXPERIENCE

STEMUP FOUNDATION

2023 - Present

The STEMUp Educational Foundation, a non-profit, inspires South Asian students to pursue STEM degrees and careers through free programs and resources, aiming to become a national model for STEM education support.

CODERDOJO

2023 - Present

CoderDojo Sri Lanka is the Sri Lankan network of "CoderDojo" – an international open source social education movement oriented around the running of fun, free and social coding clubs (Dojos) for young people aged 7-17 (Ninjas).

ESDA

2023 - Present

I have been a dedicated volunteer with ESDA (Education and Social Development Association). I have had a privilege of contributing to various projects and programs aimed at enhancing education and fostering social development in our community.
